EROSION CONTROL PRODUCTS

BLANKET

Manufactured by: J. Alderink LLC

SS-S1-RD

Specification Sheet

The SS-S1-RD erosion control blanket is a single sided blanket made with polypropylene netting and contains 100% agricultural straw cuttings. The weed free agricultural straw is stitched at a rate of .5 lb. /yd². The stitch spacing of the polypropylene thread is 1.5 x 1.5 inches per stitch. The netting opening on the single net is ½ x ½ inches. At least 80% of the straw cuttings measure 3 inches in length. The netting and stitching material has a lifespan of 3-6 months when rolled out depending on light, moisture, and other environmental conditions. Each roll has a distinguishing tag explaining what the product specifications are.

Standard Roll Details

Width	8ft. (2.44m)	16 ft. (4.88m)
